1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

At OCASA College Prep, Prop 28 funds have been used to expand and enrich our arts education offerings, ensuring that every student has access to a well-rounded program. We have developed a dedicated music program that introduces students to fundamental skills in rhythm, melody, and performance while fostering an appreciation for music across cultures. Our fine arts program engages students in visual expression through painting, drawing, and other media, encouraging creativity and critical thinking. In addition, Prop 28 resources supported field trips to arts-related experiences, allowing students to connect classroom learning with real-world artistic and cultural institutions. Finally, our drama program provides opportunities for students to develop confidence, collaboration, and communication skills through performance and stagecraft. Collectively, these programs reflect OCASA's commitment to providing a rich arts education that nurtures creativity, self-expression, and joy in learning.
